Polyurethanes Have Huge Growth Potential in China's Aviation Industry

2019-04-23

PUdaily, Shanghai-- 1. A review of the plane accident On March 10, a Boeing 737 MAX 8 plane owned by Ethiopian Airlines crashed, killing all 157 people on board. After the accident, many countries successively suspended the commercial operation of Boeing 737 MAX 8 planes owned by their own airlines. On March 13, facing increasing pressure, the U.S. President Donald Trump ordered the grounding of Boeing 737 MAX planes. In response, Boeing's stocks declined by 3% within a trading day. Since the air accident happened, the company's stock price has fallen by about 13%, resulting in a loss of \$25 billion in market value...[More](#)
